STATE & LOCAL GOVERNMENT
State DMVs, Law Enforcement

COMMERCIAL ENTITIES
Private companies, retail, airlines, cruise lines, stadiums

FINANCIAL INSTITUTIONS
Retail banking, FinTech, transaction processors

Providing trusted **identity & security services** to U.S. federal government agencies for over 60 years.

When it comes to civil identity, public security, secure credentials, and commercial applications for biometrics, **our expertise is second to none**.

Our mission is to ensure secure access to what matters most in both the physical and the digital worlds: safely, quickly, and securely.

Industry Leader

IDEMIA dependably supports partners and offers them the scale they need to fulfill their missions. Our biometric technologies consistently rank in the top 3 in testing by NIST, with our facial recognition algorithm **ranked first** in March 2021.
