

Fly Through TSA PreCheck®

90 percent of TSA PreCheck® passengers wait less than five minutes in the airport security screening line! Enrollment now available at an airport near you.

IDEMIA now brings a quicker, more accessible TSA PreCheck® enrollment experience to travelers. Departing travelers can enroll in TSA PreCheck® in five minutes or less, **no appointment needed!**

TSA PreCheck® is a great option for travelers looking to save time. Enroll through IDEMIA for a \$78 application fee, which covers five years of participation if approved. That's **less than \$16 per year.**

WHAT IS TSA PRECHECK®?

TSA PreCheck® is a way to provide low-risk travelers with a smoother experience at the airport security checkpoint. Enrolled members can access dedicated screening lanes at participating U.S. airports, where they don't need to remove shoes, laptops, 3-1-1 liquids, belts, or light jackets.

HERE'S HOW IT WORKS

IDEMIA deploys TSA PreCheck® Enrollment Ambassadors with mobile carts placed strategically throughout the airport, working within the airport ecosystem to support enrollment and increase awareness of TSA PreCheck® and the many benefits it provides.

WHAT YOUR TRAVELERS CAN EXPECT

The enrollment process is simple and convenient. To enroll, the traveler can simply stop by the IDEMIA TSA PreCheck® enrollment cart at the airport. It's even faster if they apply online beforehand and complete the in-person enrollment at the airport.

Travelers will need to provide their name, date of birth, and passport number (or other form of identification listed here: [Proof of Citizenship](#)). If travelers select the pre-enrollment option, all they need to do as they are leaving for their next trip is stop by an IDEMIA TSA PreCheck® enrollment cart and provide fingerprints and have a digital photo taken. **No appointment needed!**

Key Benefits

FRictionless

Deliver a frictionless customer service experience for TSA PreCheck® enrollment in five minutes or less. In most cases, travelers get their Known Traveler Number within three to five days from enrollment, just in time for their return trip!

Minimal Footprint

Transition TSA PreCheck® enrollment from fixed, larger footprint office/cubicle models to a mobile, minimal footprint.

Easy Setup

Setup is easily moved and not reliant on electric power. The experience can be set up/broken down each day and can be moved around to multiple locations within the airport.

Flexibility

Days and hours of operation can be optimized based on daily and hourly passenger volumes by checkpoint/location to facilitate more airport-dictated operations.
